The World Intelligence Congress (WIC) was approved by the Chinese government and co-sponsored by the National Development and Reform Commission, the Ministry of Science and Technology, the Ministry of Industry and Information Technology, the National Radio and Television Administration, the Cyberspace Administration of China, the Chinese Academy of Sciences, the Chinese Academy of Engineering, the China Association for Science and Technology and the Tianjin Municipal People's Government. Since 2017, the WIC has been successfully held three times and has become a top-level event in the global intelligence science and technology field for academic exchanges, exhibitions, open innovation and deepening cooperation. President Xi Jinping of the People's Republic of China sent a congratulatory letter to the opening of the WIC. In the letter, he proposed to build a platform for communication, cooperation and win-win sharing through the World Intelligence Congress to promote the healthy development of the next generation of artificial intelligence (AI) and better benefit the people of all countries in the world.
